Date: Mon, 14 Oct 2019 9:48

14/10/2019, 9788, Community Speedwatch, Would you like to know more?

Motorists who speed through residential neighbourhoods are very often unaware of the impact their actions have on local residents, or the danger they pose to other road users and pedestrians and this is something we are working with communities to address.

Community SpeedWatch gives local people the ability to actively get involved in road safety.

- A Community SpeedWatch can be set up in any village, small town, or urban area, governed by either a 20, 30 or 40 miles per hour speed limit.
- A SpeedWatch consists of local residents, who are willing to volunteer a small amount of time each week to monitor speeds with speed detection equipment.
- If you are interested in co-ordinating a road-side group, then please click on the link and watch the video on-line.

We are also looking for police volunteers to help with the internal processes, helping to shape the development and vision of the Community Speedwatch initiative across the local area.
