## BCU21 15082018 warning message

BCU21 15082018

This message is put out at the request of our corporate communications department following a spate of vulnerable victim frauds. There are a number of 'stories' that are used, one describes being from the NCA investigating the bank, others refer to errors on computers etc.

Scammers are quick-witted and their stories are very convincing. We urge you to read this advice from @GetSafeOnline and start a conversation with older relatives, neighbours and friends to make sure they are confident to say no to #TelephoneScams [https://www.getsafeonline.org/protecting-yourself/telephone-banking-fraud/?utm\\_source=Twitter&utm\\_medium=social&utm\\_campaign=SocialSignIn](https://www.getsafeonline.org/protecting-yourself/telephone-banking-fraud/?utm_source=Twitter&utm_medium=social&utm_campaign=SocialSignIn)
