

BCU029 05122018 Festive Message

BCU029 05122018 Festive message

This message is sent on behalf of Superintendent Mike Prior.

2018 has been a challenging year for many and we head towards the end of year with a certain amount of uncertainty for the Country as a whole. Neighbourhood Watch has continued to bring communities together and this is vital in sustaining and making our communities stronger.

I am not sure what the weather forecasters have in store for us this Winter, but if last February was anything to go by there will be times when we need to lean on or support our neighbours. We need that spirit all year round and not just in times of strife, again Neighbourhood Watch comes to the fore. My Christmas plans are still "a work in progress" which is modern parlance for I have not round to doing anything yet! I hope your plans are more advanced and that you all have a Merry Christmas and a Peaceful 2019.
