## BCU3 25022019 Garden Security

BCU3 25022019 Somerset

Please find attached two documents for your information and which you are welcome to forward to your members. One document is about garden security for burglars and the other relating shed/outbuildings.

As the better weather and lighter evenings come round this is a good time of year to check security, updating it where necessary to avoid the risk of becoming a victim of crime.
